ABC Corporation Names Holly Brink As New Administrator for Concord Care Center

Garner, Iowa – ABCM Corporation is pleased to announce that Holly Brink, a Garner native, has accepted the position as the new Administrator at Concord Care Center and Cardinal Grove Independent & Assisted Living in Garner, Iowa. Holly began her responsibilities as Administrator-In-Training at Concord Care Center and Cardinal Grove on July 14th, and is looking forward to beginning her career as Administrator.

“I am very excited to be returning to the community that I grew up in and to Concord Care Center which gave me my first job. I am looking forward mostly to working with the residents and helping to make Concord Care Center and Cardinal Grove Independent & Assisted Living a special place for people to live. I am very fortunate to have been able to grow within the ABCM Corporation and am excited to work at one of the best care centers in North Iowa. My goal as the Administrator is to lead Concord Care Center forward in Person Directed Care where resident choices are the focus of our care,” says Brink, who has an open door policy and encourages all to stop by with any questions or concerns.

Concord Care Center’s Person Directed Care approach to long-term care encourages the individuals they care for to make choices in their health care, activities and meals. In addition to a 24-hour Skilled Nursing program, Concord Care Center also provides both inpatient and outpatient Physical, Occupational and Speech Therapies, Rehab-to-Home Services, Respite Care, and a variety of activities.

Prior to accepting the position at Concord Care Center, Holly began her 12 year career with ABCM Corporation as a Certified Nursing Assistant at Concord Care Center. She was then employed by Oakwood Care Center in Clear Lake, Iowa, a subsidiary of ABCM Corporation, as the Social Worker, and later filled the role of Marketing Coordinator. The positions that Holly has held has provided her with the knowledge of various sectors of long-term care. She has gained a wide variety of experience working with staff, families, residents, the community, and volunteers.

Being active in the community is important to Holly and she has been a Court Appointed Advocated for Children (CASA) for the past six years. When she is not working, Holly enjoys golfing, boating, and spending time with her family and friends. She and her husband, Brandon, welcomed their first child, Ella Marie, in April.

On Thursday, August 26 from 4 to 6 p.m., Concord Care Center will host a “Meet and Greet” in the conference room for the community to meet Concord’s new staff members.

Following the “Meet & Greet,” all are welcome to stay for Concord Care Center’s Annual Sweet Corn Feed, which begins at 5:30 p.m.

Concord Care Center is owned and operated by ABCM Corporation and have been in the care business for almost 50 years. Their website is: www.abcmcorp.com.
